Delivery Of Packer-Truck Set For Monday

County forces are set to begin to station eighty container-type bins to be used in connection with the Appomattox County Landfill Operation sometime next week, pending delivery of the packer-truck.

Delivery of the packer-truck necessary to pick-up and empty the container bins has been re-scheduled and is to arrive in Appomattox on Monday, November 26th.

W. S. Slagle, Administrator of the Appomattox County Landfill Operation, would like to thank the citizens of the county for their patience and understanding in bearing with them during the long delay in making this container system workable and further asks their cooperation in insuring that this system is not abused.

Rep. Daniel Speaks To Legion Auxiliary

On Monday evening at 6:30 p.m. the American Legion Auxiliary Unit 104 held a covered dish supper at the American Legion Building.

Congressman W. C. "Dan" Daniel, Representative of the Fifth Congressional District, was guest speaker for the evening. In the photo above, from left to right, are Ivey Holland, Congressman Daniel, Mrs. Ivey Holland, President of Unit 104 of the American Legion Auxiliary, and Ronnie Spiggle, President of American Legion Post 104.

In his comments, Rep. Daniel said that there are many topics which thoughtful Americans are debating today, one which concerns us all is the attempts to downgrade America by some and actual distruction of our system by others. He further stated that he knew America would survive "Watergate" because of the high principles of the people of this country.

The Congressman said that despite the fact that we, for the first time in a period of peace, are experiencing shortages in material things, there is still much for which we can be grateful. It is a certain strength of character and of will. For some years now, the so-called thought leaders have told us this vital and basic American trait no longer existed. We have been told we had become soft, and indolent, that we had lost the will to accomplish which had built and sustained a great nation. Time and again, we were told the American people had become weak from affluence and incapable of responding to challenge. Daniel stated that once more, the American people are proving the experts wrong.
